SKILLS & KNOWLEDGE

Language	CEFR (certified level)
English	C1 (2025)
German	C1 (2008)
Hungarian	C2 (native)

PROFESSIONAL BACKGROUND

I began my higher education at Hochschule Bonn-Rhein-Sieg (University of Applied Sciences, Germany) in 2006 and completed my degree at Budapest University of Economics and Business in 2011.

Over the course of a 15-year career, I have worked in both commercial and technical roles. I gained experience in the machinery production supply chain on the sales side at EMTC Villamosgépgyártó Bt. (EMTC Electrical Machinery Manufacturing Co.; today Stöber Hungary Kft.), a subsidiary of STÖBER Antriebstechnik GmbH & Co. KG, as well as on the production and logistics side in automotive manufacturing at Mercedes-Benz Manufacturing Hungary Kft., including manufacturing processes and semi-knocked-down (SKD) logistics. At the Hungarian State Railways (MÁV), I worked for three years, gaining direct operational experience in rail as a locomotive driver.

February 2026
